

Covid-19 Statement 27/01/2020

The office is open and operating at full strength and normal hours:

Mon-Fri: 09:00 – 17:30

However, there are still delays in the delivery times depending upon the supplier and their situation.

You are welcome to visit in order to drop off or collect repairs however we ask all visitors to knock on the door and wait for someone to answer.

For a quick delivery we do ask if you could complete the Service Request form and bring it to you. There is a link on the Home Page.

Please for everyone's safety do not enter the workshop. We also advise calling before arriving.

As the situation changes, we shall be updating our policy.

We Thank-you for your support and understanding during this difficult period. If we all behave with thought and consideration to others, we will come through this for the better.

Stay safe and Best Regards.
